

CLASSIC

TILE BRIDGE

MODEL TB-8 / TB-4

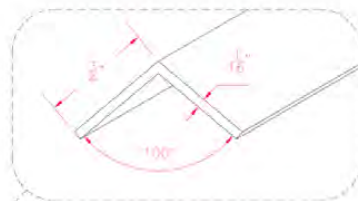

Picture above shows TB-8 overlaying TB-4

FUNCTION

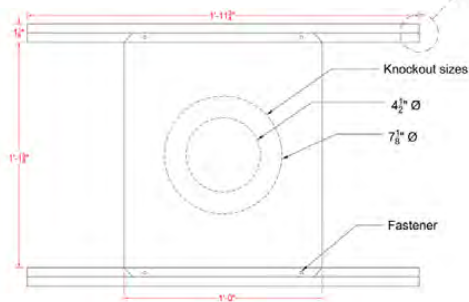

The Tile Bridge is a load-bearing T-bar support designed to sustain the weight of an 7 1/8" or 4 1/2" speaker, grille and protection enclosure in suspended ceiling construction. Use of the Tile Bridge improves environmental safety and eliminates unsightly sag in 2'-by-2' and 2'-by-4' acoustic ceiling tiles.

CONSTRUCTION

- + Load-bearing T-support
- + Capable of sustaining weight of any Lencore 7 1/8" or 4 1/2" ceiling plate, grille, and enclosure in suspended ceiling installations
