DECORATIVE PENDANT/INLINE SPEAKER

MODELS G875-W / G875-B INLINE: G875-INLINE-W / G875-INLINE-B

FUNCTION

The Pendant Speaker offers a decorative, direct fired option when aesthetics is a concern. With more open environments and exposed ceilings becoming the norm, a decorative solution for sound masking has been difficult to find.
The speaker is constructed of high quality plastic, delivers the superior sound quality Lencore is known for, and is easy to install. The Pendant Speaker comes with a gem box for Cat5e connections at the deck location which minimizes cable exposure for the client.
The inline speaker option also provides an additional volume control with a remote attenuator. 0 to -12dB adjustments can be made from the remote.

Note: The G875 ships with 12" of wire exposed with an additional 6 inches tucked in the Gem box. 18" total.
